

# MPCN<sub>fb</sub> /MPCAM in short....

MPCN stands for Malaysian Primary Care Network, an **exclusive close community of Malaysian Medical Doctors** but this community is NOT restricted to GP doctors only. *We have Specialist here too. We are currently the largest group of Malaysian Medical Doctors on a social media platform.*

Our legal body entity, an association called "**Medical Practitioners Coalition Association of Malaysia**" (**MPCAM**) is an approved medical society since 24/07/2012. Official communications will be carried out here at MPCAM.

Meanwhile, MPCN being the media platform for MPCAM, operates ONLINE 25 hours a day by friendly yet serious doctors (can socialize, yet can also be a serious voice!)

**NO OTHER SOCIETY CAN FUNCTION LIKE MPCN, and our potential is HUGE:**

1. Educational and medical discussions.
2. Collaboration with existing medical fraternities such as FPMPAM, AFPM, MMA etc
3. Direct messaging to get voice across by the SECONDS!
4. Formation of alliances across many states without physical or travelling commitments.
5. MOST IMPORTANTLY, socializing and building trust among one another.

**We are friends and complement to all medical societies, not as competitor.**

**SHARE THIS GROUP WITH ONLY DOCTORS (STRICTLY)!**

Our mission never change i.e. providing an a nonpartisan platform for aspiring and enthusiastic doctors of all expertise to

**-- Ask -- Share -- Learn -- Discuss -- Influence -- Motivate -- Debate ---- Encourage and connect with like-minded colleagues in Malaysia and become an UNITING force over time.**

The MPCN community has now 4,050 members. We hope you can join and help unite all Malaysian Doctors

1. LOGIN your FB

2. Search for 'Malaysian Primary Care Network'

3. Request to JOIN!
